FEEL MORE®

GENUINE BEVERAGE HOUSE

Dimes, first fruit juice brand of Türkiye, was established with the aim of delivering the unique flavors of earth to everyone, every season.

Today, Dimes is the largest fruit juice manufacturer in Türkiye and its products are consumed in over 100 countries with great pleasure.

The first fruit juice manufacturer in Türkiye...
Dimes was established by Mustafa Vasfi Diren in Tokat in 1958. Mustafa Vasfi Diren believed that economic development depended on agriculture and agriculture-based industry. And this accelerated his works in this area. Creating added value from the existing agricultural resources in Türkiye, he established Dimes and became the first juice manufacturer in Türkiye by making a breakthrough in this sector.

The largest fruit juice manufacturer in Türkiye...
Dimes operates with a total of 4 factories, 2 in tokat, 1 in izmir and 1 in Aydın – Sultanhisar. It is the corporation with the highest production capacity in the area due to its production track of 225.000 m2. It holds the capacity to manufacture 300.000 tons of fruit juice, 100.000 tons of UHT milk and milk products, 100.000 tons of fruit processing. Dimes factories have ISO 9001 Quality, ISO 22000 Food Safety, ISO 14001 Environment, OHSAS 180001 ISG and BRC Management System Certificates. Halal Certificate.

We do not process the fruits that we would not put on our table.

Dimes cultivates 200.000 fruit seedlings each year, and picks the best fruit in Türkiye to provide you with the highest quality products.

Dimes carries the fruits to its factories with its own trucks. With its 59 years of experience, it processes fruits and uses no additives in order to deliver fruit juices to the consumer in their most natural form.

Dimes products preserve their freshness in their closed packages until the expiry date. After removing the cap, it should be kept in the refrigerator and consumed within 2 days. Otherwise, spoiling is inevitable because of their preservative free and additive free nature.

The whole process from cultivation of seedlings to bringing the final product to your table is under the assurance of Dimes, based on the principle of respect towards mankind and nature.

Enjoy it! Drink cold.

Do we know what we drink?

Fruit juices and similar drinks are categorized into four categories according to fruit ratio and authorised ingredients. These 4 categories have been defined in accordance with the international and Turkish Food Codex Standards.

Fruit Juice (100%)	These group products contain 100% rate of fruit and are named as “Juice” follows the name of fruit used in. It is not allowed to use added sugar and any additives.
Fruit Nectar	Compare to fruit juices, Fruit Nectars contain low rate of fruit differs between 25% to 99% according to type of the fruit. According to Turkish Food Codex Standards, it is allowed to use added sugar and some authorised additives except color and preservatives. Dimes Nectars do not contain any additives.
Fruit Drink	These are the soft and refreshing products which contain at least 10% rate of fruit completed with the addition of sugar, additives and water.
Flavored Drink	It is not requirement to use fruits or fruit juices in flavored drinks. The beverages contain less than 10% rate of fruits are called flavored drink and it is allowed to use all kinds of additives as presevatives, colors, sweeteners.
